SKILLS

- Manufacturer specific training in troubleshooting and using Apple computers and mobile devices in operation of iOS, MacOS, Pro Tools, Logic, GarageBand, Final Cut, iWork, Adobe Lightroom, Photoshop, iMovie, Swift Playgrounds, and Procreate.
- Organization of projects involving a high volume of data files.
- Maintaining organization in a high-stress environment, technical troubleshooting, problem solving, attention to detail, and learning on the fly
- Skilled in adult learning in the realm of public presentation, demonstration, feedback, and the simplification of intermediate to complex computational topics.
- Use of Vyond and Camtasia in the creation of visual learning materials in aid of adult learning.
- Curriculum creation and organization of content within learning management systems such as Cornerstone, Evolve, Articulate, and other proprietary HTML-based platforms.

PROFILE

Passionate, computer-savvy, audiophile that is excited to learn with over ten years experience in fast moving and fluid environments involving both child and adult learning. Located in Austin, TX. Skilled in training, self-guided development, troubleshooting, creative problem-solving, public speaking, and connecting on a human level.

EXPERIENCE

Instructional Designer, TaskUS; Austin, TX — 2022 - Present

Developed and converted trainings from pre-existing content into interactive, online-based content through Intellum Evolve. Created custom multimedia content for extensive distribution to a large team. Created accessibility materials for multimedia presentations such as subtitles/closed captioning.

Instructional Designer, Apple (Contract); Austin, TX — 2021-2022

Created trainings related to the customer support of consumer and professional creative applications such as Pages, Numbers, Keynote, Photos, iMovie, GarageBand, Logic Pro, and Final Cut.

Instructional Designer, Google (Contract); Austin, TX — 2021

Developed training in YouTube functions and features such as: analytics, copyright, policy enforcement, AdSense, ad revenue, alternative monetization, merchandising, and more.

Associate Instructional Designer, Whole Foods; Austin, TX — 2020

Developed training materials including but not limited to: information system implementation, food safety, order writing, logistics, and store leadership. Created and edited custom audio and visual content. Created and distributed training material through eLearning software such as Inkling, Cornerstone, Rise, and Vyond.

Creative, Apple; Milwaukee, WI — 2016 - 2019

Guided customers through the set up and functions of their new and existing devices. Provided value to their Apple product experience and enhanced user productivity. Mentored both internal and external customers. Presented creative prowess through various products, apps, and software to large audiences.

Specialist, Apple; Milwaukee, WI — 2011 - 2016

Demonstrated expertise in technical sales by assisting customers in arriving at the complete solution that is right for them, through both hardware and software. Led customers in learning to use their devices in one-to-many set up interactions.

EDUCATION

Full Sail University, Winter Park, FL

- Bachelor of Science Audio Engineering, 2010
- Associate of Science Audio Engineering, 2009
